

# Total Peace of mind.

## The new Conti Urban HA 5.

German engineered high mileage tyres.

- › Experience high mileage thanks to an improved cap and base compound formula designed for urban applications.
- › Benefit from cost savings and a significant reduction in CO2 emissions thanks to our improved tread cap and tyre monitoring system, which enhances the tyre's durability and fuel efficiency.
- › Enjoy safer and more comfortable journeys thanks to an extra robust tread pattern which delivers remarkable performance in wet conditions and an A-level noise reduction.

# The New Conti Urban HA 5.

German engineered high mileage tyres.

Urban

The new Conti Urban HA 5 combines high mileage with improved rolling resistance, helping Fleet Managers to save costs and reduce their carbon footprint.

## PRODUCT RANGE

Tyre size	LI/SI	M+S	△	RFID	🚰	☔	🔊
275/70 R 22.5	152/148 J	•	✓	✓	C	C	A / 72 dB
315/60 R 22.5	156/150 J	•	✓	✓	C	C	A / 72 dB
245/70 R 19.5	136/134 M	•	✓	✓	C	C	A / 72 dB
265/70 R 19.5	140/138 M	•	✓	✓	C	C	A / 72 dB

› **Optimised pattern geometry and compound**  
for an excellent mileage performance

› **Multipitch pattern technology**  
improves the perceived noise for a silent and comfortable journey

› **A Thicker sidewall with abrasion indicators**  
ensure resilience against contact with the curb

› **RFID**  
All Conti Urban HA 5 will be rolled out with RFID Technology

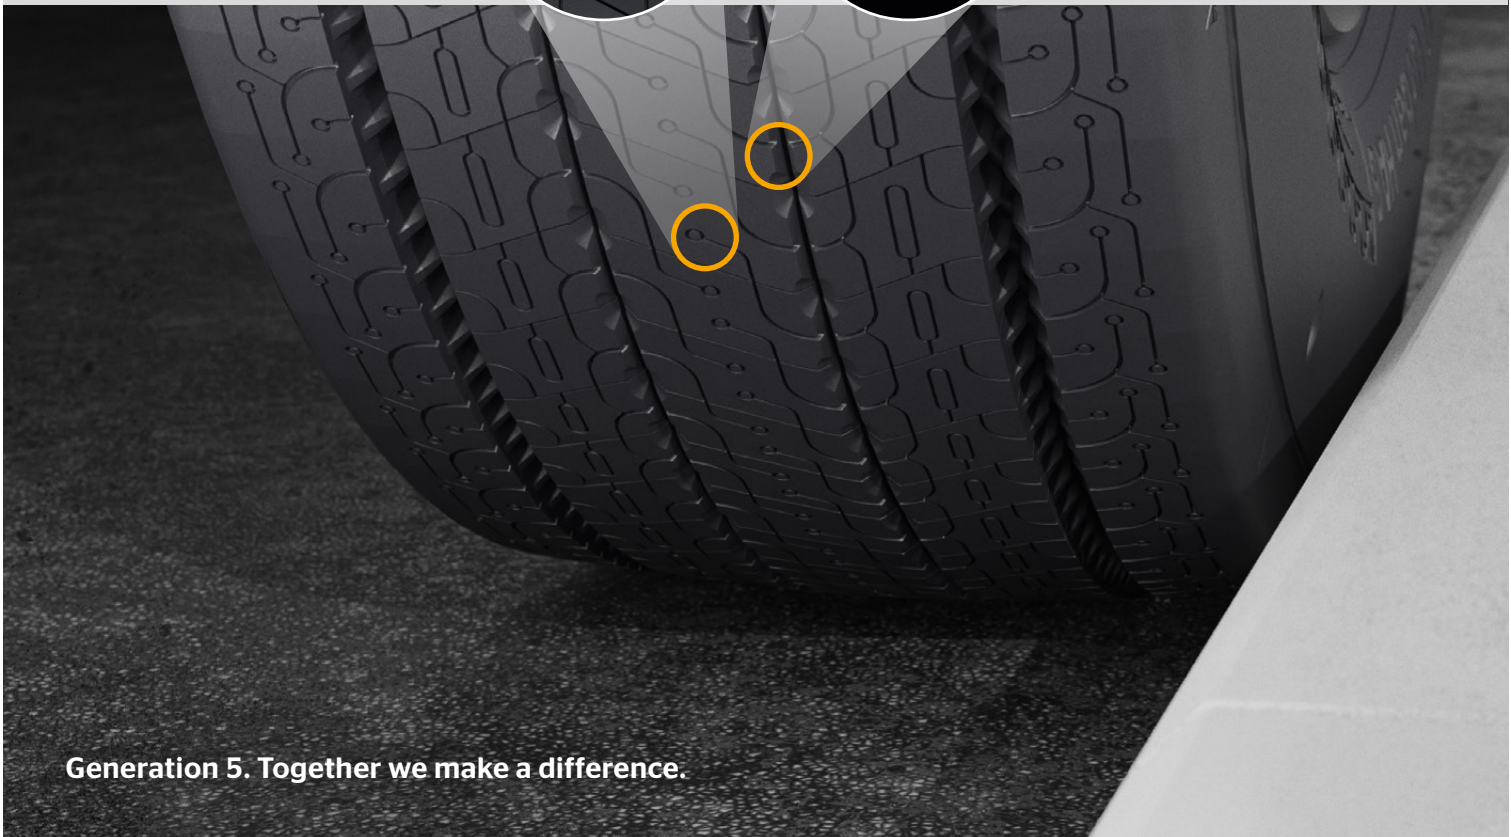

### Full-width sipes

increase traction and overall tyre performance in wet road conditions.

### Void generating grooves

improve rolling resistance, mileage performance and enhance the wet grip performance over the tyre's whole lifespan.

Generation 5. Together we make a difference.
